## A Letter from the Supervisor

Spring is within sight!

Now that we have turned the corner and are heading into spring, I want to remind our residents of some of the services that are available.

Once again, yard waste collection will take place every week starting Friday, April 5. This weekly collection by Republic Services will continue through the remainder of the 2024 calendar year, with the final collection taking place on Saturday, December 28, due to Republic Services observance of Christmas.

The entire 2024 Fenton Township Republic Services brochure is accessible on the Township website, and printed copies can be picked up at the reception desk. The six-page brochure includes information on which items can be recycled or placed at the curb for yard waste collection, along with the recycling map and 2024 collection calendar.

Spring also means that mosquitos will begin to make their annual appearance.

Fenton Township's contract with APM Mosquito Control for Township-wide mosquito treatment includes the ability for residents to call APM at 810.766.9423 and request treatments for their yard up to three times in the calendar year.

This is a fantastic service to schedule ahead when preparing for any open house or other outdoor celebration this summer.

Additionally, residents can contact APM and request to be added to their call list for notification prior to mosquito fogging in their area.

Fenton Township Supervisor

## Southern Lakes Water Extension Project Update

Progress is ongoing for the Southern Lakes Water Extension.

In February, the Genesee County Road Commission closed northbound traffic on Torrey Road between Lahring Road and Thompson Road to start construction on Phase II.

The Torrey Road portion of the project is projected to wrap up, and allow the reopening of northbound traffic on Torrey Road, in May, weather permitting.

Following the work on Torrey Road, Phase II will continue west on the

southside of Lahring Road.

This summer, Phase II will connect with construction from Phase III at the Lahring Road and Jennings Road intersection.

Phase III has already started on Ripley Road at boarder with the City of Linden and is progressing north towards Lahring Road.

Phase III construction will continue east on the southside of Lahring Road.

Phase II and Phase III will come together at the Lahring Road and Jennings Road intersection near the

Lake Fenton High School.

Phase II will then continue north on Jennings Road to Thompson Road.

Construction impacts on traffic for Lahring and Jennings roads are still in the planning stage.

As information from the county becomes available, we will update the Southern Lakes Extension page on the Fenton Township website and publish the information on the Official Fenton Township social media channels (X, Facebook, Instagram, and Nextdoor).

## Phase II and III Maps Available

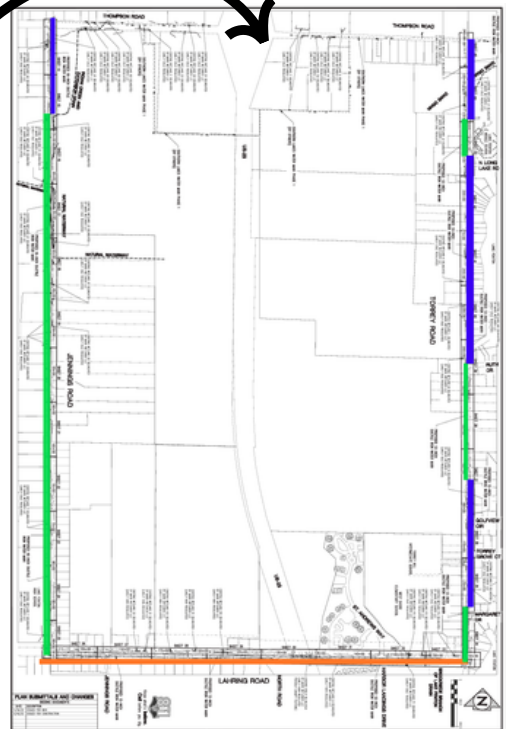

The Southern Lakes Water Extension project is a major project for Fenton Township and there are a lot of moving parts, agencies and details involved to make this a successful infrastructure installment.

Maps of where the water main is being installed along both the Phase II and the Phase III routes

are available on the Fenton Township website on the Southern Lakes Water Extension page.

Follow the QR Code to the Southern Lakes Water Extension page on the Township website.

## Township and County Resource Information Available in the Lobby

Have you checked out the brochure area in the vestibule at the Fenton Township Civic Community Center?

We have brochures available from the Fenton & Linden Chamber, monthly Explore Flint & Genesee tri-fold, the current edition of The Fenton Township News, Genesee County resources including Genesee Health System flyers and the Genesee District Library.

While some are main staples, the resources are updated monthly.

Be sure to look at this month's options when you stop by the Fenton Township Civic Community Center during office hours, or while attending a Fenton Township meeting.

## Pay your Fenton Township invoice by phone

We have received several requests for including the option to pay over the phone for Township invoices.

While our system does not allow us to take the payment at the Township Office over the phone the new card processing system does have an option.

If you are interested in making your payment over the phone, you can call 855-660-1195.

There is a 3% card processing fee along with a \$1.00 fee for the use of the pay by phone system.

### Pay online or by phone

Call 855-660-1195  
to pay utility and property tax bills  
over the phone

Processing fees apply

## Rent the Fenton Township Hall

Great for business seminars and trainings

With a capacity for 200 people, the Fenton Township Hall is an ideal location for celebrating milestones.

Located on the north end of Lake Fenton, the hall is a great location to celebrate birthdays, showers, retirements, graduations, weddings, and hosting business meetings/trainings right herein Fenton Township.

The remodeled hall features an expanded view of Lake Fenton with floor to ceiling windows and new flooring and lighting fixtures.

The Fenton Township Hall is currently booking events into 2025.

For more information about hall rentals or to book your event, contact the Fenton Township Office at 810-629-1537 or by email to [info@fentontownship.org](mailto:info@fentontownship.org)
