

Thompson Road Corridor

Come share your ideas on how to propel our community forward!

On November 15, the Township Board voted to approve engineering services to bring water to Thompson Road. Bringing Water to Thompson Road will fundamentally change the future development of the Corridor. The Township has decided to update the Thompson Road Corridor Plan to address the potential future development.

Study Area

The study area was chosen based on Phase I and Phase II of the proposed water project extending water from Fenton Road, south the Thompson Road, west to Jennings Road, south to Lahring Road, east to Torrey Road, east to North Long Lake Road to Fenton Road.
